

Ethical Trading Policy

RGE recognises that its group activities have many impacts on those individuals or groups who are affected directly or indirectly by our commercial activities.

With this in mind we endeavour to follow the guidelines set down by the Ethical Trading Initiative.

We will as far as practicable:-

- Show positive care for the environment
- Support responsible, fair and sustainable trading practices
- Treat employees fairly and equitably
- Respect basic human rights civil rights
- Give opportunity for development
- Give fair remuneration for a working day
- Ensure Working conditions are safe and hygienic
- Actively prevent all discrimination
- Seek to ensure child labour is not used in our supply chain
- Act in a socially responsible manner
- Operate ethically and with integrity

We will regularly develop our ETP in line with our purchasing activities
