

Mission Statement

The mission of RGE Group of Companies is to provide a worldwide service in technical design, innovation, sales, tool making, manufacture, assembly, printing and delivery.

RGE Group specialise in the field of tool making and injection moulding for office seating, white goods, industrial and other domestic appliances.

Quality Statement

The RGE Group of Companies Quality Policy is a guide for everybody and is based on the principles outlined in the standard ISO 9001-2000.

Our customers expect the best and RGE Group aim to be world-class through their expertise, investment, training and understanding of our customer's requirements.

Customer satisfaction is our prime aim which will always remain our highest priority.

Zero defects are our goal, through continuous improvement and training programs that involve the total workforce.

Sacrificing Quality is not an option and the emphasis will always be prevention of detection.

RGE Group Moto

"RGE INJECTS QUALITY INTO YOUR PRODUCT"
