

Worcester Chair Base

Image shows Worcester chair base fitted with RGE602 castors and a RGE225 gas lift

The RGE Worcester base features a unique unswept design and distinctive sculpted surface with a durable wear resistant finish. The Worcester base is ideally suited for use on executive chairs. This base can be supplied with castors pre-fitted reducing your inventory and assembly costs.

The Worcester 25" & 27" base is compatible with all RGE castors; however, it is recommended that the castors have a tower size of 38mm or less.

All RGE gas lifts are compatible, drop through gas lifts in combination with small diameter castors need to be checked for ground clearance.

Delivered on reusable stillages to save waste, environmental damage and reduce costs.
